# KEYLESS SYSTEM

## About Us

BioWave is an advanced centralised management platform developed by Arana Security, a leading integrator of innovative and user-friendly technologies.

BioWave offers a comprehensive suite of solutions aimed at streamlining your business operations. Our systems are versatile and scalable, integrating seamlessly with your existing infrastructure.

## What is BioWave Keyless System

BioWave Keyless System is a cutting-edge, secure access control solution designed specifically for banking and financial institutions. It allows authorised personnel to manage entry to vaults, cash boxes, and all other restricted bank entries using a single PIN ID, eliminating the need for physical keys or cards.
