# OUR SOLUTIONS

At Arana Security, we understand the importance of safeguarding government assets, sensitive information, and personnel. Our innovative solutions offer customised security tailored to the needs of government organisations, guaranteeing the highest standards of safety and compliance.

## KEY CHALLENGES

- ✗ Protecting sensitive data and facilities from unauthorised access
- ✗ Maintaining secure and efficient entry systems for staff and the public
- ✗ Managing large-scale identification and verification processes
- ✗ Ensuring compliance with security regulations and standards

## ACCESS CONTROL

### MOBILE ACCESS

Government personnel can use their smartphones to gain secure access to various government locations. The solution uses encrypted technology, for security and flexibility.

### GATES AND TURNSTILES

Advanced gates and turnstiles enhance physical security, manage high-traffic entrances and integrates with access control solutions.

### CARD ACCESS

A smart card solution provides an alternative to traditional access methods.

# BIOMETRIC ACCESS CONTROL

Ensure secure entry to restricted areas such as government offices, data centers, and confidential spaces with biometric access. This technology ensures access based on individual identity, making it ideal for governmental settings.

**Facial Recognition**

## CCTV SURVEILLANCE

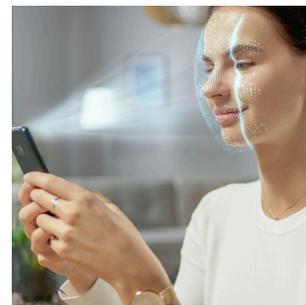

Our advance CCTV systems ensure real-time monitoring, deter criminal activity and enhance safety for staff, visitors, and government assets.

## ANPR SYSTEM

Our ANPR solution provides fast, automated license plate recognition, ensuring only authorised vehicles are allowed into government premises.

## REMOTE ENROLMENT

Our secure, remote enrollment system allows easy identity verification and registration from anywhere, without needing in-person registration.
